Agriculture

SECRET

--Our Offices of Economic and Geographic-
Cartographic Research

[redacted] gave top officials
in Agriculture and other government leaders
early notices of the Soviet crop failures of
1972 and 1975.

25X1

[redacted]

--Our offices of Economic Research and
Scientific Intelligence provide the Economic
Intelligence Weekly; the Scientific Intelligence
Digest; biographic reports on foreign officials;
and Foreign Broadcast Information Services and
translations are provided to Agriculture.

25X1

--Specific examples of recent support include:

- Soviet efforts to produce artificial
food and food supplements;
- food resource and technology problems
in the LDCs;
- selected economic developments in
Eastern Europe.
